MEMORANDUM FOR THE RECORD

1. In an effort to expedite the processing of the Senate Select Committee requests, it is requested that all responses be made via blind memo consisting of two items a) the subject with a brief identifying note including the substance of the query and b) the Agency response. All responses will be forwarded to the IG for further passage as required.

2. Attached herewith is a sample Agency response to an actual SSC query which might serve as a model.

Sample Response

(Blind Memo - Each request to be answered separately)

Subject: Response to Question 7 of 4 June 1975 letter from
Senator Church in which Senator Baker asked
whether Cable Traffic Cited in 1967 IG Report
on Trujillo pertains to CIA's WH Division or
the White House
(If one of a numbered list, cite the number)

Response:

Only the WH (Western Hemisphere) Division of CIA could
be meant in this cable traffic. Had "White House" been intended,
it would have been referred to as "White House" or highest U.S.
authority.
